To Our Patrons and the Public

Six months ago we advised you through the columns of this newspaper that, given
the support of buyers of machinery, we would endeavor to make Greater Richmond
the largest distributing centre for Heavy Machinery and Machine Tools in the South.To a large extent our friends have rallied to our support, our sales of Engines, Boilers,
Wood and Iron-Working Machinery having for the first six months of the year exceeded
\$60,000.00. We carry the best lines of goods, including American Tool Works Company's
Lathes, Drills and Shapers, Newman Planers, Matchers and Moulders, Kemp-Smith
Millers, and, in fact, a most complete line of Engines, Boilers, Wood-Working Machinery,
Machine Shop and Factory Equipment. Also, a complete line of Mill Supplies, includ-
ing Leather, Rubber, Canvas and Victor Balata Belting, Shafting, Pulleys, Hangers,
Iron Pipe, Valves, Fittings, Packing, etc.Call and inspect our lines. We carry only the best.
Quick deliveries—prompt attention to telephone, tele-
graph and mail orders.

Our catalogue free to responsible parties.

SMITH-COURTNEY CO.
The South's Largest Supply and Machinery House
RICHMOND, VA.Shelton's "AJAX" Turbine
Patent Water WheelBy the production of the AJAX wheel the last
objection to the turbine has been driven from the
field, and it now takes the position in the hydraulic
world which its other demonstrated qualities have
all along bespoken for it. The AJAX uses water like
the overshot—it keeps up the weight or pressure
in its buckets, and will give a higher average effi-
ciency from one-fourth to full gate than any other
wheel ever built. We will be pleased to hear fromthose who are using overshot wheels, as we are
prepared to displace them with the AJAX and guar-
antee results. No other wheel builder dare do this.
The AJAX develops the greatest power per diam-
eter, and has a higher working speed than any
turbine ever produced. A test of a thirty-inch
wheel under twelve feet head gave the following
results: Cubic feet of water used per minute at full
gate, 4,600; horse power, 89.6-10; revolutions, 210.We guarantee our work and propose to see to it that every represen-
tation is made good.

For full description ask for Booklet A, sent free on request. Address
